Die Set Shields

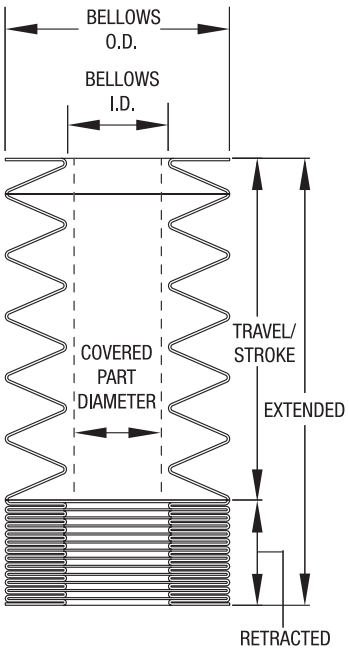
Unique bellows-type covers to protect ball bushing or standard die sets

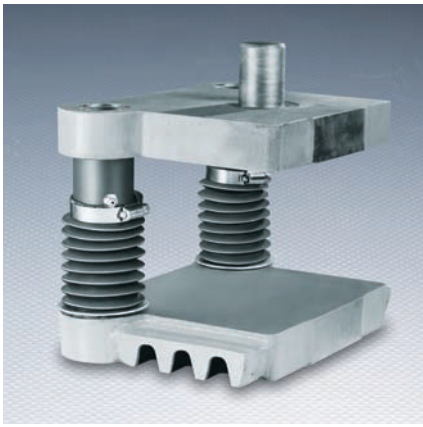
Die Shields are available in seven sizes to cover pins from ¾" to 2½" diameter to completely seal out damaging dust, scale and chips.

- **Bellows-type shields for standard or ball bushing die sets**
- **Completely seals out damaging dirt, dust, scrap and scale**
- **Lengthens die set life**
- **Provides increased operator safety**
- **Complete with back up mounting plate and clamp**

Die set shields are manufactured from heavy-duty, oil-resistant, neoprene-coated nylon material. The bellows-type, formed construction seals out damaging abrasive particles and insures long-life operation, even in the highest-speed die set applications.

Die Set Shield set consists of: two shields, two clamps, and two backup plates





Style				
Pin Diameter	Standard Friction Bearings Shoulder	Standard Friction Bearings Sleeve	Ball Bushing Bearings Shoulder	Ball Bushing Bearings Sleeve
¾", ⅞"	DSA	DSA		DSA
1", 1⅛"	DSB	DSA	DSC	DSB
1¼"	DSC	DSB	DSD	DSD
