

# Fabricated Way Wipers

## Gortite® Fabricated Buna Way Wipers

- Ideal for low to moderate volumes and maintenance applications.
- Fabricated from corners and straight lengths of molded Buna N rubber.
- **Type A** — For heavy chip loads and coolants. Fully enclosed in a metal channel with spring-steel chip guard.
- **Type B** – Large wiping edge for heavy coolant applications.
- Both styles supplied with mounting plate attached for easy installation.

Other styles are available — please see the profiles at right. If what you need is not shown here, Gortite® can make most any shape. Contact your Gortite® representative for further information.
